

1. Approval of agenda
2. Reports –
 - Snowplowing – After a shaky start, Shay appears to be keeping on top of the snow;
There was an offer from the guy who plows the school to help with snow removal, and it was mentioned this should be in our back pocket should Shay's work not be satisfactory.
 - Garden Financial Statement – All looks to be in order. Water bill was high but not extraordinarily so, especially given the number of enthusiastic gardeners we had this season.
3. Discussions
 - a. Getting the application forms and rules in order for the spring mailout;

After much thoughtful discussion, the garden committee concluded that we have no alternative but to continue setting in place rules and procedures that require gardeners to clear their gardens and prepare for plowing in the fall. The returning gardener application and the rules will be amended to reflect this.
 - b. Mechanism (including timing) for spring mailout. Garden committee will meet at Martha's clubhouse on March 8th at 7:00 PM to mail out applications.
4. New business
